Tranquility
BODY & SOUL SPA

TRANQUILITY BODY & SOUL SPA

Antigua · Barbados · Panama.

Tranquility Body & Soul Spa begins with a simple belief: true wellness is not imposed. It is remembered.

Founded by Lady Irina Barrett, Tranquility Body & Soul Spa was created in response to a modern rhythm that leaves many feeling depleted and disconnected. Her philosophy is quiet but deliberate: care should feel intuitive, never performative. A spa experience should not ask guests to strive for wellness, but allow them to return to it gently, naturally, and in their own time.

HAMMOCK COVE ANTIGUA · THE VERANDAH Antigua · PINEAPPLE BEACH CLUB ANTIGUA · St James's Club ANTIGUA · THE CLUB BARBADOS · Los Establos PANAMA

Across Elite Island Resorts, Tranquility Body & Soul Spa is influenced as much by place as by practice. In Antigua and Barbados, the sea, trade winds, and warmth of the Caribbean shape the essence of each treatment. In Panama's highlands at Los Establos, cooler air and mountain stillness bring a different sense of grounding. At each resort, light, climate, and landscape guide the pace, the ingredients, and the rituals offered.

Not every setting calls for grandeur. What remains constant is intention: thoughtful touch, natural botanicals, and therapists who balance skilled technique with attentive intuition.

Guests leave with more than relaxation. They regain clarity, equilibrium, and a renewed connection to their environment — carrying forward a sense of ease that extends well beyond their stay.
